## MANAGEMENT INFORMATION CIRCULAR SOLICITATION OF PROXIES

This Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation by management of Moneta Porcupine Mines Inc. (the “**Corporation**”) of proxies to be used at the annual and special meeting (the “**Meeting**”) of holders of common shares (“**Shareholders**”) of the Corporation to be held at the offices of Stikeman Elliott LLP, 5300 Commerce Court West, 199 Bay Street, Toronto, Canada, M5L 1B9 on June 10, 2010 at 4:00 p.m. (Toronto time) and all adjournments thereof, for the purposes set out in the Notice of Annual and Special Meeting of Shareholders accompanying this Circular (the “**Notice of Meeting**”). Unless otherwise stated, all information contained in this Circular is presented as at May 6, 2010 and all references to \$ in this Circular are to Canadian dollars unless otherwise noted.

**The solicitation of proxies by this Circular is being made by or on behalf of the management of the Corporation.** It is expected that the solicitation will be made primarily by mail, but proxies may also be solicited personally, by telephone or by other forms of electronic communication by directors, officers, employees or agents of the Corporation. The total cost of the solicitation will be borne by the Corporation.

### APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy accompanying this Circular are directors and officers of the Corporation. **A Shareholder has the right to appoint a person (who need not be a Shareholder) other than the persons designated in the enclosed form of proxy to attend and to vote and act for and on behalf of such Shareholder at the Meeting, and any adjournment or postponement thereof. Such right may be exercised by striking out the name of the persons specified in the form of proxy, inserting the name of the person to be appointed in the blank space provided in the form of proxy, signing the form of proxy and returning it in the reply envelope to the offices of Computershare Investor Services Inc. at the address and in the manner set forth below.**

A Shareholder who has given a proxy may revoke it (a) by depositing an instrument in writing executed by such Shareholder or by such Shareholder’s attorney authorized in writing, or, if the Shareholder is a corporation, by an officer or attorney thereof duly authorized indicating the capacity under which such officer or attorney is signing (i) at the offices of Computershare Investor Services Inc. at 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, Attention: Proxy Department at any time up to 4:00 p.m. (Toronto time) on the second business day preceding the date of the Meeting or any adjournment thereof or (ii) with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment thereof; or (b) in any other manner permitted by law.

### VOTING OF SHARES REPRESENTED BY MANAGEMENT PROXIES

The common shares represented by the proxy which is hereby solicited will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, where the Shareholder whose proxy is solicited specifies a choice with respect to any matter to be acted upon, the common shares shall be voted by the appointee accordingly. **Where a Shareholder fails to specify a choice with respect to a matter referred to in the Notice of Meeting, the common shares represented by such proxy will be voted for or in favour of such matter.**

**The enclosed form of proxy, when properly completed and signed, confers discretionary authority upon the proxyholder(s) named therein with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting.** At the date of this Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting.

## NON-REGISTERED HOLDERS

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. In many cases, however, common shares of the Corporation beneficially owned by a person (a “**Non-Registered Holder**”) are registered either:

- (a) in the name of an intermediary such as a bank, trust company, securities dealer, trustee or administrator of self-administered RRSPs, RRIFs, RESPs and similar plans (each an “**Intermediary**”) that represents the Non-Registered Holder in respect of its common shares; or
- (b) in the name of a depository (a “**Depository**”, such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Corporation will have distributed copies of the Notice of Meeting, the Circular, the form of proxy and the audited consolidated financial statements of the Corporation for the financial year ended December 31, 2009 (which includes management’s discussion and analysis) (collectively, the “**Meeting Materials**”) to the Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive such materials. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive the Meeting Materials will receive a package from their Intermediary containing either:

- (a) a voting instruction form that must be properly completed and signed by the Non-Registered Holder and returned to the Intermediary in accordance with the instructions on the voting instruction form;

or, less typically

- (b) a form of proxy that has already been stamped or signed by the Intermediary that is restricted as to the number of common shares beneficially owned by the Non-Registered Holder but which otherwise has not been completed. In this case, the Non-Registered Holder who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare Investor Services Inc. at the address set forth in the Notice of Meeting.

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of common shares of the Corporation that they beneficially own. **Should a Non-Registered Holder, who receives either a voting instruction form or a form of proxy, wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons named in the proxy and insert the Non-Registered Holder’s (or such other person’s) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. In either case, Non-Registered Holders should carefully follow the instructions of their Intermediaries and service companies. If you are a Non-Registered Holder and have not received such a package, please contact your Intermediary.**

A Non-Registered Holder may revoke a proxy or voting instruction form which has been given to an Intermediary by written notice to the Intermediary or by submitting a proxy or voting instruction form bearing a later date. In order to ensure that an Intermediary acts upon a revocation of a proxy or voting instruction form, the written notice should be received by the Intermediary well in advance of the Meeting.

## INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as otherwise disclosed, to the knowledge of the Corporation, no director or executive officer since the commencement of the Corporation's last completed financial year, and no proposed nominee for election as a director, or any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any of the matters to be acted upon at the Meeting other than the election of directors.

## VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As of the close of business on the record date of May 6, 2010, there were 127,200,027 common shares in the capital of the Corporation issued and outstanding, being the only class of shares outstanding and entitled to vote at the Meeting. Each Shareholder on the record date will, unless otherwise specified in this Circular, be entitled to one (1) vote for each common share held by such holder on all matters proposed to come before the Meeting.

To the knowledge of the directors and executive officers of the Corporation, no persons, firms or corporations beneficially own, directly or indirectly, or exercise control or direction over, more than 10% of the common shares.

## PARTICULARS OF MATTERS REQUIRING SHAREHOLDER APPROVAL

Shareholder approval via ordinary resolution will be sought to fix the number of directors at six (6) for the ensuing year. At the Meeting, all directors so elected will hold office until the next annual meeting of Shareholders or until their successors are elected or appointed, unless his or her office is vacated earlier in accordance with the by-laws of the Corporation or with the provisions of the *Business Corporations Act* (Ontario). The ordinary resolution fixing the number of directors requires the approval of the majority of votes cast by shareholders voting in person or by proxy at the Meeting.

**Management of the Corporation does not contemplate that any of the nominees will be unable to serve as a director, but if that should occur for any reason at or prior to the Meeting or should any of the nominees withdraw their candidacy at or prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee in their discretion.**

**Unless otherwise instructed, the persons named in the accompanying form of proxy intend to vote FOR the election of the foregoing individuals as directors until the close of the next following annual general meeting of the Shareholders or until their successors are otherwise elected or appointed.**

#### **Item 2: Approval of Resolution Regarding Number of Directors**

There are currently six (6) directors of the Corporation. At the Meeting, shareholders will be asked to approve a special resolution, attached as Schedule A hereto, to empower the Board of Directors to determine the number of directors of the Corporation by resolution of the directors. In order to pass, a special resolution requires the affirmative vote of two-thirds of all votes cast.

The Board of Directors recommends that shareholders vote in favour of the special resolution empowering the Board of Directors to determine the number of directors of the Corporation.

**Unless otherwise instructed, the persons named in the accompanying form of proxy intend to vote FOR empowering the Board of Directors to determine the number of directors of the Corporation.**

#### **Item 3: Approval of By-Law No. 1**

At the Meeting, shareholders will be asked to approve an ordinary resolution, attached as Schedule B hereto, confirming By-Law No. 1 (the “**By-Laws**”) for the Corporation. The By-Laws set forth the general rules with respect to the business and affairs of the Corporation, including the framework for the execution of documents on behalf of the Corporation, the formalities associated with meetings of the Board of Directors and meetings of shareholders, the appointment of officers, the indemnification of directors and officers and the payment of dividends and other distributions. The By-Laws provide greater flexibility with respect to the management of the business and affairs of the Corporation, including provisions relating to the holding of director and shareholder meetings by electronic means and by specifying the requirements with respect to quorum at meetings of the Board of Directors or meetings of shareholders. Pursuant to the *Business Corporations Act* (Ontario), the Board of Directors adopted the By-Laws on May 11, 2010 and is required to submit it to the Corporation’s shareholders at this Meeting. If a majority of the votes cast by shareholders voting in person or by proxy at the Meeting confirm the By-Laws, they shall continue in effect; if they are rejected they will cease to be effective. A copy of the By-Laws has been attached as Schedule C hereto.

The Board of Directors recommends that shareholders vote in favour of the By-Laws.

**Unless otherwise instructed, the persons named in the accompanying form of proxy intend to vote FOR the approval of the By-Laws.**

#### Item 4: Approval of New Stock Option Plan

At the Meeting, shareholders will be asked to approve the resolution, attached as Schedule D hereto, confirming a new stock option plan (the “**2010 Plan**”) for the Corporation (the “**Stock Option Plan Resolution**”). The Stock Option Plan Resolution requires the approval of the majority of votes cast by shareholders voting in person or by proxy at the Meeting. The Board of Directors believes that the 2010 Plan is necessary in order to provide the Corporation with the ability to attract, motivate and retain key personnel and to provide competitive compensation programs. The Board of Directors has unanimously approved the 2010 Plan.

#### Summary of the Stock Option Plan

The 2010 Plan has the following key features:

- The maximum number of common shares reserved for issuance under the 2010 Plan is equal to 10% of the issued and outstanding shares from time to time less the aggregate number of shares reserved for issuance or issuable under any other security based compensation arrangement for the Corporation. To date, no options have been issued under the 2010 Plan. If the Stock Option Plan Resolution is approved, there would be 12,640,302 options available for issue under the 2010 Plan (representing 10% of the currently outstanding shares), of which 6,746,644 have been conditionally granted by the Board as of May 6, 2010.

The maximum number of common shares that may be: (i) issued to insiders of the Corporation within a one year period; and (ii) issuable to insiders of the Corporation, any time, under the 2010 Plan, or when combined with all other security based compensation arrangements, shall not exceed 10% of the Corporation’s total outstanding common shares.

- Options may be granted to eligible participants (“**Eligible Participants**”) from time to time. Eligible Participants include:
  - Officers of the Corporation, present and future;
  - Directors of the Corporation, present and future; and
  - Employees and consultants providing ongoing services to the Corporation or a subsidiary thereof, present and future, who are not otherwise an officer or director of the Corporation.
- In addition, options may be granted to affiliates established and controlled by an Eligible Participant, or to a registered retirement savings plan established and controlled by an Eligible Participant, provided that in each case they are an Eligible Participant of the Corporation at the time of the grant.
- The exercise price for each option is fixed by the Board of Directors at the time of the grant in compliance with the 2010 Plan, applicable law, and the rules of the Toronto Stock Exchange (the “**TSX**”), which states that the exercise price will be no less than the market price (the volume weighted average trading price on the TSX for the five trading days immediately preceding the relevant date) of the common shares on the TSX at the time of the issue of the options. The exercise price is denominated in Canadian dollars.
- Options will be exercisable in whole or in part, and from time to time, at any time following the date of grant prior to the expiry of their term, but provided that if an option expires during a black-out period, then the option shall remain exercisable until the period ending two trading days after the end of such black-out period.
- Options cannot be granted for a term exceeding 5 years.
- Options granted shall vest, and become exercisable, according to the terms in the 2010 Plan and the discretion of the Board of Directors.

- Options granted pursuant to the 2010 Plan are non-transferable and non-assignable, other than to an Eligible Participant, registered retirement savings plan or registered retirement income fund in certain circumstances.
- Options are subject to early termination in the event that an optionee ceases to be an Eligible Participant. Subject to the discretion of the Board of Directors, if any Eligible Participant ceases to be an Eligible Participant of the Corporation, for any reason, other than for cause or death, he or she may exercise any option issued under the 2010 Plan for 30 days from the date he or she ceases to be an Eligible Participant of, or to the Corporation. In the event of termination for cause, unexercised options are immediately cancelled and thereafter are of no force or effect.
- In the event of the death of an Eligible Participant, options may continue to be exercised up to one year following the death, but not beyond the normal expiry of the term of the option.
- The 2010 Plan allows the Board of Directors to amend the 2010 Plan without the approval of shareholders, except under the 2010 Plan the Board of Directors may not:
  - Amend the provisions of the 2010 Plan addressing the determination of the exercise price of options;
  - Amend the 2010 Plan to increase the number of common shares that are issuable under it;
  - Amend the requirements to be an eligible participant under the 2010 Plan;
  - Amend the amending provisions of the 2010 Plan;
  - Amend the exercise price of any option issued under the 2010 Plan to an insider where the amendment reduces the exercise price;
  - Amend as necessary or advisable because of any change in securities laws; or
  - Amend the term of any option issued to an insider under the 2010 Plan where the amendment extends the term of the option;

without having first obtained shareholder approval, but excluding the votes of any insider benefiting from the proposed amendment.

- Except for the foregoing seven amendments, the Board of Directors can make any other change to the 2010 Plan without shareholder approval. Such amendments may include, without limitation, amendments related to the vesting provisions of the 2010 Plan, the termination provisions of the 2010 Plan, the addition of any form of financial assistance by the Corporation for the acquisition of common shares under the 2010 Plan, the transferability of options, relating to the administration of the 2010 Plan, or any other amendment, fundamental or otherwise, not requiring shareholder approval under applicable laws or the rules of the TSX, including amendments of a clerical or “housekeeping” nature.
- The Board of Directors also has the over-riding discretion under the 2010 Plan to extend the period of time within which an option held by a deceased participant may be exercised or within which an option may be exercised by a participant who has ceased to be an Eligible Participant (notwithstanding the default provisions of the 2010 Plan) but any such extension cannot extend beyond the original expiry date of the option, and are subject to any applicable regulatory or stock exchange approvals required at such time.

If a bona fide offer to purchase all of the issued common shares of the Corporation is made by a third party, or the Corporation proposes to sell all or substantially all of its assets and undertaking, or the Corporation, in certain circumstances, proposes to merge or amalgamate (save and except for a subsidiary) or the Corporation proposes an arrangement as a result of which all of the outstanding common shares would be acquired by a third party, then an option granted under the 2010 Plan may be exercised (whether or not such option has vested) at any time up to and including (but not after) sixty (60) days following the completion of the transaction or prior to the close of business on the expiry date of the option, whichever is the earlier; and the Corporation may require the acceleration of the time for the exercise of the option and of the time for the fulfilment of any conditions or restrictions on such exercise.

- No financial assistance is made available to eligible participants under the 2010 Plan.  
The Board of Directors recommends that shareholders vote in favour of the Stock Option Plan Resolution.  
**Unless otherwise instructed, the persons named in the accompanying form of proxy intend to vote FOR the approval of the 2010 Plan.**

It is proposed to re-appoint Sievert & Sawrantschuk LLP as auditors of the Corporation to hold office until the close of the next following annual general meeting of the Shareholders.

**Unless otherwise instructed, the persons named in the accompanying form of proxy intend to vote FOR the re-appointment of Sievert & Sawrantschuk LLP as the auditors of the Corporation to hold office until the close of the next following annual general meeting of the Shareholders.**

### **DIRECTORS' AND OFFICERS' COMPENSATION**

#### **Executive Compensation**

##### *Compensation Discussion and Analysis*

This compensation discussion and analysis describes and explains all annual and long-term compensation for services in all capacities to the Corporation and its subsidiaries for the three most recently completed financial years in respect of each of its Chief Executive Officer (the "CEO") and Chief Financial Officer ("CFO") as at December 31, 2009 and the other three most highly compensated executive officers of the Corporation as at December 31, 2009 whose individual total salary and bonus for 2009, the Corporation's most recently completed financial year, exceeded \$150,000, and any individual who would have satisfied these criteria but for the fact that that individual was not serving as such an officer at the end of the most recently completed financial year (collectively, the "Named Executive Officers"). Ian C. Peres, the President, CEO and acting CFO and Rod C. Whyte, the Chairman of the Corporation are the only Named Executive Officers or "NEOs".

##### *Compensation Committee*

The Compensation Committee of the Board of Directors recognizes that the Corporation operates in a competitive environment and that its performance depends on the quality of its employees and alignment of compensation and corporate objectives. The Compensation Committee regularly evaluates the compensation program of the Corporation to assess whether it continues to meet the needs of both the Corporation and its shareholders. Its key priorities remain to attract, motivate and retain highly qualified executives.

During 2010, the Compensation Committee will review its compensation arrangements to confirm that the Corporation is appropriately positioned to continue to meet its recruitment, motivation and retention targets, while ensuring that the interests of executives are aligned with those of shareholders.

The Compensation Committee prioritizes accountability to its stakeholders and the transparency of all elements of compensation, ensuring that arrangements, including salary, awards and incentives, reflect a clear link between performance and reward. The compensation program applies to Named Executive Officers as well as the directors and other key employees of the Corporation. The purpose the Compensation Committee is to:

- review the remuneration and benefits of directors;
- review the remuneration, benefits and performance of executive management;
- establish a plan of continuity for executives and other key employees; and
- ensure that the executive compensation plan of the Corporation remains broad and competitive.

The members of the Compensation Committee are Alex Henry (Chairman), Charles Parsons and Richard Boulay. The Compensation Committee meets at least once per year to consider the perspectives and advice of its members and others are invited to attend, including the CEO and independent compensation consultants. The Compensation Committee met two (2) times during the financial year ended December 31, 2009.

#### *Objectives of Compensation Program*

The Corporation's compensation philosophy is to provide competitive compensation with a view to attract, motivate and retain highly qualified executive officers capable of achieving the Corporation's strategic and performance objectives and ultimately creating and sustaining shareholder value. Consistent with this philosophy, the Corporation's compensation program is designed to:

- recruit, motivate and retain highly skilled executives;
- reward those who meet and exceed both short-term and long-term strategic goals through a largely variable and fluctuating compensation program directly linked to personal and corporate performance;
- ensure compensation arrangements are equitable, reflecting the recognition that the Corporation's executives function as an integrated team whose performance is directly correlated to shareholder value; and
- align the interests of executives with those of shareholders.

#### *Elements of Compensation Program*

As discussed in further detail below, the Corporation's compensation program is comprised of three (3) main elements: (1) base salaries; (2) non-equity incentive plan compensation in the form of annual and special success cash bonuses; and (3) long-term incentives in the form of option-based awards granted pursuant to the Corporation's share option plan. These components are combined to provide a compensation package that attracts highly qualified individuals and motivates these individuals to meet operating targets without sacrificing long-term growth by providing constant income in the form of base salary, as well as both short-term and long-term incentives which reward performance that creates and preserves shareholder value.

#### *Base Salary*

The primary element of the Corporation's compensation program is base salary. The Corporation's view is that a competitive base salary is a necessary element for attracting and retaining qualified executive officers. The amount payable to a NEO as base salary is determined primarily by the number of years of experience of the NEO, as well as past performance, anticipated future contribution, internal value of the NEO's position and comparisons to the base salaries offered by comparable companies in the junior mining industry. To ensure that the Corporation will continue to attract and retain qualified and experienced executives, base salaries are reviewed and adjusted annually, in order to ensure that they remain at a level above the median for comparable companies. Salaries for those executives reporting directly to the CEO are approved by the CEO and the Compensation Committee, while the CEO's salary is approved by the Compensation Committee and the Board of Directors of the Corporation.

The Compensation Committee believes that the base salaries paid to its NEOs in fiscal 2009 appropriately reflected the level and scope of responsibility, skills and experience of each NEO; and such salaries were adequately competitive to facilitate recruitment and promote retention.

#### Non-Equity Incentive Plans

Non-equity incentive plans are intended to promote strong corporate management by providing annual financial incentives to meet or exceed short-term corporate targets and operational goals. Such incentive plans are comprised primarily of annual cash bonuses paid to a NEO, and the annual cash bonus is a variable component of executive compensation based on individual performance as well as corporate financial and operational results.

The purpose of non-equity incentive plans is to correlate compensation more directly to corporate performance and share price and to attract, motivate and retain those individuals who maintain corporate and operational goals, thereby aligning management and shareholder interests.

The potential bonus amount assigned to each NEO in a given financial year is expressed as a percentage of base salary (the “**Annual Bonus Plan**”). In fiscal 2009, the CEO and acting CFO was eligible for a target bonus of up to 100% of his base salary. While lower amounts are paid in respect of performance that does not meet objectives, it is in the discretion of the Compensation Committee to recommend bonus amounts that exceed set targets for exceptional performance.

#### Long-Term Incentive Plans

The Compensation Committee also believes that options help the Corporation attract, motivate and retain key individuals. In fiscal 2008, 1,000,000 options were granted to Ian C. Peres upon commencement of his employment. This initial grant of options to Mr. Peres was established by the Compensation Committee and approved by the Board of Directors. This award was made in the context of market conditions, giving effect to Mr. Peres’ background and experience. Initial grants of stock options facilitate the recruitment of new executives while ensuring the long-term interest of such executives in the Corporation’s performance.

Under the 2008 Option Plan, options are awarded to senior executives for present and potential contribution to the performance of the Corporation. Options issued by the Corporation vest over time and have a maximum five (5) year term, providing incentives to executives to support long-term corporate goals and shareholder interests, and which further encourage the long-term retention of such individuals.

The Corporation’s practice is to assign a specific value to the intended grant and determine the number of shares issuable on the exercise of the option with reference to such value. In fiscal 2009, the Corporation granted 785,000 options to Ian C. Peres.

#### Performance Goals

Compensation payable to each NEO is largely based on the achievement of certain performance goals. Performance goals affect option-based awards, non-equity incentive plan compensation, and are considered in assessing annual salary adjustments. Performance goals are established annually and designed to align with the Corporation’s strategic objectives. The fiscal 2009 performance goals were primarily related to advancement of strategic initiatives to improve shareholder value; completion of corporate financings; expansion of internal controls; achievement of exploration objectives; and personal goals established between the NEO and the Board of Directors of the Corporation.

#### Determining the CEO’s Compensation

The components of the CEO's total compensation are the same as those for all other NEOs of the Corporation, namely: base salary, annual and special success cash bonuses, and stock compensation awarded under the stock compensation arrangements of the Corporation.

The compensation program of the Corporation is designed to provide competitive compensation to all NEOs. The Corporation has determined that compensation weighed heavily toward incentive-based awards is appropriate for its CEO. Both shareholder and corporate success depend on appreciation in the Corporation's stock price, and stock options are granted to award accordingly.

*Circumstances Triggering Termination and Change of Control Benefits*

As noted below under the heading "Termination and Change of Control Benefits", there are certain circumstances that trigger payments or the provision of other benefits to a NEO upon termination and change of control. The Compensation Committee determined that such "change of control" provisions are necessary in order to attract and retain highly skilled executives. Change of control provisions are necessary not only to protect the NEOs of the Corporation, but also to encourage NEOs to pursue transactions, including mergers and take-overs, which are beneficial to the Corporation but may result in the termination of the NEO's employment.

### Termination and Change of Control Benefits

The Corporation has an employment agreement in place with Ian C. Peres. Mr. Peres' employment agreement provides for an annual salary in 2009 of \$150,000 and participation in the non-equity incentive compensation plans and option-based awards. Mr. Peres' annual salary increased to \$200,000 for fiscal 2010. Further, Mr. Peres' employment agreement provides for the payment and provision of other benefits in the event of any of the following: involuntary termination without cause, resignation for good reason and a change of control of the Corporation.

The estimated incremental payments and benefits payable by the Corporation in the event that Mr. Peres is involuntarily terminated without cause or resigns for good reason, assuming involuntary termination without cause or resignation for good reason, as the case may be, on December 31, 2009, would include:

- A lump sum payment equal to twelve (12) months of his base salary, which would amount to \$150,000;
- If the employment agreement is terminated within the first two (2) years of Mr. Peres' employment, the bonus entitlement shall be deemed to be ½ of 50% of base salary, which would amount to \$75,000;
- Payment by the Corporation for up to \$5,000 of outplacement services to be provided by a company chosen by Mr. Peres and approved by the Corporation; and
- Payment by the Corporation for up to \$10,000 for legal and/or accounting fees incurred by Mr. Peres in connection with the review of the terms of the agreement, or obtaining tax preparation advice associated with issues arising out of his agreement.

The estimated incremental payments and benefits payable by the Corporation in the event that Mr. Peres is terminated without cause (including a resignation for good reason), but not for reasons of death, disability or voluntary resignation within six (6) months following a change of control, assuming termination on December 31, 2009, would include:

- A lump sum payment equal to eighteen (18) months of his base salary, which would amount to \$225,000; and
- A lump sum payment equal to one and a half (1.5) times the incentive bonus entitlement of his 50% of his base salary, which would amount to \$112,500.

The termination payment provided for under Mr. Peres' employment agreement may be suspended or terminated if Mr. Peres breaches any of the provisions of the employment agreement relating to confidentiality, non-competition, non-solicitation, non-disparagement or intellectual property. With respect to non-competition and non-solicitation, Mr. Peres is bound by his commitment not to compete with the Corporation or solicit the employment of any individual employed by the Corporation at the time of termination for one (1) year following termination.

### Directors' Compensation

During the financial year ended December 31, 2009, the only compensation paid to the directors in their capacity as directors was option-based compensation. Non-executive directors have received an annual grant of stock options, including a total of 500,000 stock options issued during the recent financial year ended December 31, 2009.

Executive officers of the Corporation who also act as directors of the Corporation do not receive any additional compensation for acting as directors, other than as paid by the Corporation to such Executive Officers in their capacity as Executive Officers. See “Executive Compensation”.

### SHAREHOLDER RETURN PERFORMANCE GRAPH

The graph below compares the Corporation’s five-year cumulative total Shareholder return to the S&P/TSX Capped Materials Index (“Index”), assuming a \$100 investment in the common shares of the Corporation on December 29, 2004.

Equity performance for the Corporation is affected most significantly by associated gold commodity prices. Broader economic conditions and market sentiment also affect equity performance. During 2009, equity

performance traded significantly upward, resulting in enhanced share price appreciation and returns for shareholders, relative to the Index.

It is difficult to directly compare the trend in the Corporation's compensation to its NEOs during the past five (5) years with the trend shown by this graph because no one NEO has been with the Corporation for the entire five-year period. The Corporation's compensation to its NEO during the last year reflects the Corporation's strength in relative performance to the Index.
